# ***Intentional Teaching Cards™* Focusing on Objectives for Development & Learning**

This document lists the *Intentional Teaching Cards™* by their primary objectives for development and learning. Its purpose is to give teachers a resource for determining which *Intentional Teaching Cards™* to use when they want to focus on particular objectives. It is important to note that each *Intentional Teaching Cards™* activity meets more than one objective for development and learning. The *Intentional Teaching Cards™* also show additional objectives related to the activities. Some objectives are not addressed by the *Intentional Teaching Cards™*, but they are addressed directly by other resources of *The Creative Curriculum® for Preschool*. Detailed information about these objectives can be found in *The Creative Curriculum® for Preschool, Volume 5: Objectives for Development & Learning*.
